# FOREWARD

NO GREAT HERD CAN SUSTAIN ITS POSITION OF GREATNESS  
EXCEPT THROUGH THE USE OF A STRONG BREEDING SIRE

IT is through the use of such a bull that the position of W. C. PREWITT & SONS in the Shorthorn breeding world is being elevated gradually though surely to a rating alongside the more important breeders of the day.

Their achievements have come through fifteen years of persistent effort and application, and finally, when the opportunity came to place at the head of their breeding collection a bull that measured up to their rigid requirements they did not hesitate to pay the price.

CUMBERLAND MARSHAL 4TH was their choice and the results he has given now await the approval of their fellow breeders.

On MAY 25TH these men present their established annual auction, offering a lot of breeding cattle that will bear favorable comparison with the best of sale collections. Cows that will be missed in their breeding programme, selected because of their fitness in character, type and breeding to be the mothers of CUMBERLAND MARSHAL 4TH calves, youngsters that should in reality be retained and developed to further substantiate the worth of their sire, numerous of his get rounding into yearling form, and a half brother, by the same sire, leaving the herd only for the reason that he cannot be used to advantage, all combine to make this an event of which the breed can feel proud.

It is an occasion which men imbued with the loftiness of their avocation will witness with a particular pride and pleasure, and as they stroll out into those paddocks where once browsed the Duke of Richmond, Baron Victor, Breastplate, Orange Blossom 18th and other celebrities, they will be deeply impressed with the fact that this is an establishment built amid memories of historical worth, fittingly engaged in the perpetuation of the great work of bovine construction begun by J. H. Kissenger on these very acres more than half a century ago.

WALTER L. MILLER.
